Sir:

Enclosed is a Certificate of Correction submitted under the provisions of 35 U.S.C. §254, to correct errors of the Patent and Trademark Office in the printing of the above-identified U.S. Patent.

In addition to the error of the Patent and Trademark Office, a review of the patent has revealed the presence of an error attributable to applicants/patentees, which however is of a minor and self-evident character, as identified below:

Column 11, line 15, "50 (g/ml)" should be -- 50 g/ml --.

Although the foregoing error attributable to the patentee is not of sufficiently serious nature to warrant filing of a Certificate of Correction, the patentee nevertheless wishes to bring same to the attention of the Patent and Trademark Office for identification of same in the prosecution record of the above-identified patent.

Respectfully submitted,
